### THE BELCHER COLLECTION PART III.

The present section of the Rare Coin Collection of William Belcher, Esqr., of New London, Conn., is one which should attract the attention of collectors, because it contains not only a good lot of Ancient coins, but a splendid line of some 250 European crowns and double crowns, with many of rarity and interest. Included are those of Oliver Cromwell, Elizabeth, Oettingen, Ratisbon See, Brunswick, Saxony, Sicily, Russia, Spain, the Napoleon family, Donauwert, The Low Countries, Italy, Gustavus Adolphus, Christina Charles XI and XII, and many smaller sized silver coins, particularly those of the Renaissance period, including some of the most prized early portrait pieces by Leonardo Da Vinci and others. A variety of medals in both silver and bronze is offered. The sale has quite a number of choice foreign gold coins, including scarce mediaeval pieces, with a good many fine Byzantine solidii. The silver ancient coins include a large assortment of Roman family and imperial. The ancient bronze coins number several hundred with liberal number of early Roman in all sizes and denominations. Coming down to more modern times, we note a Granby three pence of 1737, some fine Ross American pieces, while in foreign copper we see the best line of Conder tokens and farthings ever offered in these sales, also a nice lot of other rare copper coins. The paper money offered is confined to a large lot of United States Fractional issues. In American gold a choice proof "Stella" or \$4.00 is seen and other attractive numbers. The sale is a long one and a short intermission of fifteen minutes will be had about the middle of the catalogue.

Please make out your bids early and send them in, and be sure and sign your bid sheet. Bid by the piece, and not by the lot. Read terms please.

An examination of this catalogue will reveal a most interesting and large variety of valuable offerings. Do not miss this sale. Other sales will follow in regular sequence.

## CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing within 30 days of the date of the sale.

Coins and medals are sold at so much per PIECE, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c up to \$2.50, when 10c. advance must be bid, up to \$10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in the lot and you wish to pay \$5.00 for the entire lot, then bid \$1.00.

Auction sales are strictly for cash. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing and shipping, but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer. THOMAS L. ELDER.

## A Few Things For Bidders To Remember.

---

We are not thinking of going out of the coin business. Our new store, with extra room and finer quarters, gives us unexcelled facilities for exhibiting and offering your collection or duplicates to better advantage than ever before in the largest city in the land.

---

No, we never were more ready for your patronage and can serve you better than ever. Our new store is 110 feet long and is located only 200 feet from Fifth Avenue, in the lite shopping district of New York, and we are on the ground floor.

---

Do not forget to read the sale terms, on which all bids for this and other sales depend, and are subject to. It is inexcusable to enter into a contract without reading its terms.—Be sure you bid on the right lot.

---

In bidding kindly remember the present value of 100 cents, or a dollar in the coin of the realm, as compared with its value some half a dozen years ago. Bids of 55 and 60c each on U. S. Half dollars which have sold for such prices for the past dozen years do not augur a correct sense of values. Just remember your dollar is worth about 55 cents at the present time. In many instances its value is not over 35 cents. Kindly remember also the fact that while half a dozen years ago foreign silver of bullion value sold for about 35 cents per oz, the metal value has about tripled since then. Yet your bid estimates be apropos of the times. We are not asking you to bid more than you consider things to be worth, but we do hope you will be reasonable and considerate of present conditions.

---

We handle in our store a great line of Antique and modern Jewelry, Rings, Cameos, Brooches, unmounted Cut Gems and a remarkable variety of heads and necklaces. Besides these we have bronzes, china, pottery, idols, Buddhas, Elephant statuettes, Incense Burners, Incense, Ash Trays, Old Glass, Odd Pitchers and Vases, Wedgewood, Weapons. A fine stock of Indian beaded work on Buckskin, Pictures, Prints and the like.

---

Our new store is the home of Gifts for men, women and children. Don't forget us when the Holiday Season comes around. Write us of your wants. Prices moderate. Good, easily sent by express or parcels post.
